Hi my friends!

I'm Katka Cpinová (K@tk@) and I'm new vice of our editor's office. Welcome back after Easter holidays! I hope you had a good time.

There is April now and there is very nice weather out. But some of us have to write exams. I have to write it too. Please, wish to us good luck.

I hope you'll like this release of our magazine.

Thank you for reading and see you!!!

Do you have any animals? So you must read this article

(every expence another animal)

Osmák degu

It originates from Chile. It lives 5-8 years. It measures 20-25 cm with tail. When you take its tail it falls down. It has brown-black hair. Osmák has nature orange teeth. It nibbles fingernails. It gets this name because of its teeth which has a shape of number 8. It has very socially and friendly, curious, active and intelligent. Its feed is hay, fruits, vegetables, hard-tack and granule for chinchilla .Osmák badly poisons sugars and oils.

Reviews Textbooks and workbooks

Our school teaches Canadian English with textbooks and workbooks, working from the New English For You.

New English For You gives publishers Educe Textbooks are designed for years of primary school

- 4. Year is intended series New English For You 1*
- 5. Year is intended series New English For You 2*
- 6. Year is intended series New English For You 3*
- 7. Year is intended series New English For You 4*

Each series consists of:

Pupil's Book
Workbook
Teacher's Notes
Cassette

(New English For You 4 contains the possibility of a CD)

- 1. Pupils are therefore allowed to listen to the original more than half of articles in the textbook, to improve the pronunciation of words.*
- 2. Picture editing gives students a better sense of understanding what is happening in the article.*
- 3. Pupils learn the vocabulary lessons, therefore, during the year will learn several different topics.*

I am personally satisfied is the interpretation of our great English teachers, who are very willing to answer them all their questions.

From my point of view these textbooks conform to both pupils and teachers because the senses can be pleasant and entertaining work

HC KOMET BRNO

There is a hockey club in Brno, that has been there since 1953. It had red star in symbol till 1960. In 1977 it's name changed on TJ ZETOR BRNO. In 1989 it had second change on HC Zetor Brno.
